

JEBA KRUBHA

FULL STACK DEVELOPER

7550137367 | kribajaba@gmail.com | Hosur, Tamil Nadu | github.com/jeba-krubha

PROFESSIONAL SUMMARY

Motivated Information Technology student with hands-on exposure to web development, programming, databases, and application development. Experienced in building web-based solutions with CRUD functionality and MySQL data storage. Strong foundation in Java, Python, HTML, CSS, JavaScript, Bootstrap, Git, and GitHub, with internship exposure across frontend development, systems, and full-stack development. Seeking an entry-level Full Stack Developer opportunity to contribute to real-world applications and grow in a professional engineering environment.

TECHNICAL SKILLS

Programming Languages Java, Python

Frontend Development HTML5, CSS3, JavaScript, Bootstrap

Database MySQL

Tools & Version Control Git, GitHub

Development Concepts CRUD Operations, Web Application Development

PROJECTS

Smart Helpdesk Ticketing Solution

- Developed a web-based helpdesk system for managing IT service requests in a college environment.
- Enabled students and staff to raise, track, and manage support tickets through a structured workflow.
- Implemented ticket creation, status tracking, and resolution features.
- Integrated MySQL for data storage and retrieval.

Student Management System

- Created a web-based system to manage student records.
- Implemented CRUD operations for efficient creation, retrieval, updating, and deletion of data.

INTERNSHIPS & TRAINING

Full Stack Developer Intern | Friendzion Technologies

Frontend Developer Intern | Spyder Academy LLP

Systems Department Intern | Titan Company Limited

Java Training | QSpiders

EDUCATION

B.Tech Information Technology | Salem College of Engineering and Technology | 2022–2026

CGPA: 8.05/10 | **12th:** 72.5% | **10th:** 69.3%

CORE STRENGTHS

Advanced MS Office • Tally Prime • Problem Solving • Team Collaboration

Quick Learning • Self-Motivated • Adaptability
